

COMPLETE™

LIQUID AMMONIUM SULFATE DRIFT RETARDANT BLEND

Highly active, spray-grade, liquid ammonium sulfate

- Modifies solution pH and water hardness
- Promotes herbicide uptake (such as glyphosate)

Drift management/deposition aid

- Reduces drift outside of target area
- Improves pesticide efficiency & effectiveness
- Easy to mix

ACTIVE INGREDIENTS

Ammonium sulfate/drift retardant blend. 100%

GENERAL INFORMATION

Complete™ is a highly active, spray-grade, liquid ammonium sulfate designed to enhance herbicide performance by modifying solution pH and water hardness. The ammoniacal nitrogen in Complete has been found to promote herbicide uptake (such as glyphosate) in agricultural applications. The use of a high quality spray grade ammonium sulfate with drift retardant as a deposition aid reduces volume of small fragmented driftable particles allowing for a higher degree of active deposition.

APPLICATIONS

For use with products registered for: agricultural, forestry, industrial, municipal, non-crop land, ornamental, rights-of-way and others.

The addition of Complete to a tank mix should always follow the review of herbicide(s) labels and their procedures, rates and application requirements. Before using Complete, it is recommended that the user be familiar with or conduct a field test to check for phytotoxicity of the herbicide combination.

RECOMMENDED USAGE RATES

Glyphosate and other tank mixes:
Per 100 gallon solution
2½ gallons = 8.5 pounds AMS (ammonium sulfate)
5 gallons = 17 pounds AMS (ammonium sulfate)

ENVIRONMENTAL HAZARDS: DO NOT contaminate lakes, streams or ponds with this product. Keep spillage out of sewer and open bodies of water. Dike and contain spills with inert materials.

KEEP FROM FREEZING

Important: Consult manufacturer for pertinent product information at <http://www.conklin.com/agrovantage/docs>

STORAGE AND DISPOSAL - DO NOT contaminate water, food or feed by storage and disposal	
Storage	Store in original container only, separate from fertilizer, pesticides, feeds and food.
Disposal	Waste resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.
Container Disposal	DO NOT reuse empty containers. Triple rinse (or equivalent), empty container, then offer to recycling or reconditioning; or, puncture and dispose of in a sanitary land fill, or by incineration; or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed or inhaled. Causes eye irritation. Prolonged contact causes skin irritation.

Precautions: Avoid breathing mist, vapors and spray. Use only outdoors or in a well ventilated area. Do not eat, drink or smoke when using this product. Wear gloves, safety glasses or goggles, and long-sleeved clothing when handling. Wash hands thoroughly after handling.

Response/First Aid: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention. If swallowed: Immediately call a physician or Poison Control Center. Rinse Mouth. If on skin: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice or attention. Immediately take off all contaminated clothing and wash it before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing.

Causes damage to Eyes, Gastrointestinal Tract, Respiratory System, and Skin through prolonged or repeated exposure.
