**Feast<sup>®</sup> Premium Plus<sup>™</sup>**  
**21-0-6 w/4%S (with SRN) Liquid Turf Fertilizer**

**DESCRIPTION**

Feast Premium Plus 21-0-6 w/4%S liquid turf fertilizer is a slow-release nitrogen (SRN) formulation that is ideally suited for application to commercial turf grasses. The slow release performance is provided by two approved forms of slowly available nitrogen, dicyandiamide (Guardian<sup>®</sup>) and Triazone<sup>®</sup>. It produces a strong initial greening response with long-lasting effects and may reduce the number of annual applications required.

**PERFORMANCE CHARACTERISTICS**

- Fast-acting formula
- Provides uniform coverage
- Easy to apply - user friendly
- Low burn potential
- Slow release, water soluble nitrogen sources – turf stays greener for longer period

**PRODUCT CHARACTERISTICS**

- Clear, true solution liquid
- Non-corrosive, nearly neutral pH
- Compatible with most pesticides
- Nonphosphate - will not cause increased phosphate levels in surface water sources
- Compatible with other Feast liquid fertilizer products, including micronutrients, for custom blends

**DIRECTIONS FOR USE**

Apply a maximum of 1.8 quarts of Feast Premium Plus lawn fertilizer to every 1,000 square feet of established lawn in early spring, early summer, and early fall. Feast must be diluted to a minimum of a ratio of 3:1 (three parts water with one part Feast). Follow label recommended rates, including rates for different types of grasses. When this product is mixed with other liquid fertilizer products, the total mix (plus water) must equal 8 quarts per 1,000 square feet.

**SPECIFICATIONS**

**Part number**

040570	Single 2½ gallon
040571	5 gallon/twin pack
040579	250-gallon mini-bulk

**Guaranteed analysis:**

Total Nitrogen (N)	21.0%
12.1% Urea Nitrogen	
8.9% Slowly available water soluble nitrogen	
Souble Potash (K <sub>2</sub> O)	6.0%
Sulfur (S)	4.0%
Pounds of Nitrogen (N)/gal.	2.23
Pounds of Potassium (K <sub>2</sub> O)/gal.	0.6
Pounds of Sulfur (S)/gal.	0.4
Nutrients from:	Urea, Triazone, Urea-Triazone Solution, Methylenediurea, Dicyandiamide (DCD) and Potassium Thiosulfate

**Weight/gallon**

10.6 pounds

**Appearance**

Clear, odorless

**pH (100% solution)**

10.1

**Specific gravity**

1.27

**Storage**

Keep from freezing
