

Cozy[®] Ultra Fresh

Fabric Softener

DESCRIPTION

Cozy Ultra Fresh provides wrinkle release allowing you to give your iron a rest and save time. It also leaves clothes softer and smelling like a fresh clean breeze. You only use one ounce per load, saving you money. Cozy Ultra Fresh protects against color fading, keeping your clothes looking new. Its excellent anti-static performance works especially well on synthetic fibers.

Cozy Ultra Fresh also works extremely well at repelling soil making it easier to remove stains, plus it won't damage machines or septic systems. Convenient pump accurately dispenses one ounce.

RECOMMENDED FOR

Safe for all washable fabrics. Do not add bleach, bluing or starch to the same rinse as Cozy Ultra Fresh.

DIRECTIONS FOR USE

For best results and to ensure accurate measurement, use a Conklin adjustable pump, #78557. Add to washing machine dispenser, final rinse or dispensing device.

Top-loading machines: Use one ounce of Cozy Ultra Fresh per normal size washload.

Front-loading (high-efficiency) machines: Use ½ ounce of Cozy Ultra Fresh per normal size washload.

Commercial laundry machines: Use one ounce of Cozy Ultra Fresh per 20-pound capacity (water levels may dictate rate).

SPECIFICATIONS
