

# LOOK WHO'S ON THE **RIGHT TRACK** *with* **FASTRACK<sup>®</sup>**

## Latimer Luck Acres Dairy Goats

How are you using Fastrack? At Latimer Luck Acres, they know just how to get on the right track with Fastrack.

Amanda Latimer was first introduced to Fastrack when she was still showing her goats. Amanda was at a show with her prize-winning doeling, which was expected to do well. Come show day, however, Amanda's doeling became ill. That morning, the doeling had scours and was not doing well. It seemed as though the show day was over before it began for this little goat.

After speaking with friends who suggested Amanda give her goat Fastrack, she fed the doeling Fastrack Microbial Pack. At show time that doeling earned her keep and was a winner, despite the way the morning had started.

Typically, when we start the day off rough it sets the tone for the rest of the day but not with Fastrack.

Fastrack Microbial Pack is a top-dressed powder, packed with live direct-fed microbials to boost an animal's performance. By adding beneficial bacteria to the gut, the animal is able to reduce intestinal inflammation, strengthen its immune system, and create a balanced digestive system.

Amanda went on to use Fastrack on their farm, Latimer Luck Acres, for their dairy goats to increase milk production and help with heat tolerance. "In the south it's really hard to keep animals in lactation with the heat. Here it has been in the 100s and my goats a milking just fine." Amanda uses that milk to make her signature soap! After hand milking the goats and adding essential oils, Amanda is able to produce soap for everyone.

It's great to hear how Fastrack has affected people and their farms. Amanda has kept her goats healthy by using Fastrack Jump Start™ Gel Ultra and Fastrack Microbial Pack to keep their digestive systems balanced. That's a good thing, too, because at Latimer Luck Acres they offer Goat Yoga sessions!

You can find their farm on Facebook at Latimer Luck Acres Dairy Goats and Soap or visit their website to learn more about their farm and great smelling, creamy soaps!

Fastrack wishes the best for Latimer Luck Acres Dairy Goats as they continue on the right track with Fastrack.
