

Specification Sheet

Power Mate™

Heavy-Duty Engine Degreaser

Benefits

- Effective formula dissolves grease and grime
- Fast acting
- Noncaustic, nonacidic, and noncorrosive
- Easy application
- Safe for use on hoses, plug wires, paint, plastics, and nonporous metal surfaces

Description

Conklin's Power Mate heavy-duty engine degreaser cuts through caked on grime and grease. Power Mate dissolves grease and grime quickly, without damaging other engine components. The exclusive formula is highly effective, yet contains no caustic, corrosive, or acidic ingredients.

Applications & Directions:

Conklin's Power Mate may be used on engines, parts, and equipment that need to be degreased and cleaned. Use on gas and diesel engines, lawnmowers, fifth wheels, chains, and other grease and oil covered parts.
