

“Every progressive farmer should take a serious look at the Conklin business. It offers an opportunity to earn a part or full-time income without leaving the farm.”

– Jay M., North Dakota

Do you know someone looking for innovative and profitable crop management systems, or wanting to improve their animal's health?

Conklin not only offers exceptional products but also provides you with the opportunity to generate a second income or even replace your income. Today could be the perfect time to start building a business simply by introducing producers to our effective crop management system or our animal microbials.

It's easy to get started

Conklin has several ways you and other producers can get started immediately. First choose your discount level (wholesale or preferred), and then choose your enrollment option. Complete the Independent Distributor (Independent Distributor) Application & Agreement with your sponsor and place your first order. Then start building your business!
