

## Heavy-Duty Cleaners

# Multi-Surface Cleaning Gel™

## Rust and Lime Remover

### Specification Sheet

Multi-Surface Cleaning Gel eliminates rust, lime, and mineral deposits from multiple surfaces. Ultra-powerful gel removes mineral buildup, ugly water stains, and debris with ease. Non-abrasive formula restores stainless steel sinks and metal cookware to a brilliant finish and effortlessly renews fiberglass, marble, porcelain, ceramic surfaces, and more.

### Recommended For

Stainless steel sinks and metal cookware, fiberglass, cultured marble, porcelain, ceramic surfaces, chrome, aluminum, brass, fabric, metal, terrazzo, stone and concrete floors, tools, glass, restaurant equipment, hubcaps, and more.

### Directions for Use

**Light film or rust:** Mix 2-4 ounces per gallon of water.

**Medium film or rust:** Mix 4-8 ounces per gallon of water.

**Heavy film or rust:** Mix 1 part Multi-Surface Cleaning Gel to 1 part water (1:1 dilution).

**Ceramic tile:** Mix with 4 ounces per gallon of water. Rinse thoroughly.

**Cultured marble, aluminum, and copper bottom pans:** Mix 1 part Multi-Surface Cleaning Gel to 16 parts hot water (1:16 dilution). Brush and rinse with warm water; air dry.

**Restaurant dish-washing and ice-making equipment:** Use medium strength solution and circulate; rinse thoroughly.
