Product Description:

Basic use: Spunflex is embedded into Rapid Roof III® base coat, Equinox® base coat, Benchmark® base coat, and Prime Time® to provide exceptional tensile and tear strength in Conklin's MR®, Membrane Coating, and Fabric-Reinforced systems. This special reinforcement fabric substantially increases the strength and durability of the roofing system. This results in a membrane that resists splitting and rupturing, adding to the life expectancy of the roof.

Limitations: For best results, product should be applied at temperatures of 40°F and above.
