

WAUSH OFF™

General Purpose Roof Cleaner

Manufacturer:

Conklin Company Inc.
551 Valley Park Drive
Shakopee, Minnesota 55379
(800) 888 – 8838 Fax (952) 496 - 4285

Product Description:

Basic use: Wauash Off™ is a general purpose cleaner formulated specifically to clean and maintain weathered roof coatings, including Conklin acrylic roof coatings, single-ply membranes, modified bitumen, and EPDM roofs.

Limitations: Best results are obtained by wetting the roof surface with water prior to cleaning. The use of a stiff bristle broom may be needed to scrub extremely dirty areas such as low spots. Be aware of roof run-off while cleaning with Wauash off to minimize possible staining of walls.

Sizes: Wauash Off™ is available in 2.5-gallon twin pack containers and 55-gallon drums.

Coverage Rate: Coverage rates will vary depending on roof condition. Wauash Off™ should yield approximately 400-500 square feet per gallon.

Application:

Wauash Off™ should be applied at full strength with a brush, roller, and conventional airless or portable tank sprayer. The cleaner is designed to be applied at full strength – DO NOT DILUTE. Once applied, allow the cleaner to remain on the roof surface for a minimum of 20 minutes prior to water rinse, i.e., with high-pressure spray. Make sure to remove all residues and let roof surface dry thoroughly.

Storage:

Keep product from freezing.

Disposal:

Dispose of product in accordance with local, state, and federal regulation.

WARNING/PRECAUTIONS: Avoid breathing mist, vapors and spray. Use in a well ventilated area. Do not eat, drink or smoke when using this product. Wear gloves, safety glasses or goggles, and long-sleeved clothing when handling concentrate. Rinse hands thoroughly after handling.

RESPONSE/FIRST AID: May cause eye irritation. If adverse effect occurs, flush eyes with water. May cause skin irritation. If adverse effect occurs, flush skin with water. May cause upset stomach. Drink plenty of water to dilute. May cause respiratory irritation. If adverse effect occurs, move to fresh air. If irritation persists, seek medical attention.

Contains: Biodegradable surfactants
