

# CONKLIN FUEL SAVING PRODUCTS

## Maximize efficiency to stretch your fuel budget.

Many school systems across the country have seen the benefits gleaned from the higher fuel efficiency provided by Conklin fuel saving products.

In the example below, one school system noticed increased fuel efficiency with an added three days between bulk-tank fills. They gained noticeably more miles per gallon, alleviating strain on their bus fleet fuel budget with fewer fill ups.

Days to use 7,200 gallons

Study on a school bus fleet of 52 buses using approximately 100,000 gallons per year. Individual results may vary.

### 4-Power® Fuel System Cleaner

Aggressively cleans entire fuel system increasing fuel economy and engine performance.

- Dissolve gum and carbon deposits
- Smooth rough idle
- Reduce exhaust emissions
- Remove water from fuel tank condensation

### Diesel Plus® Diesel Fuel Conditioner

Keeps fuel system clean for better fuel mileage and longer component life.

- Drive more miles per tank
- Provide much needed lubricity and relieve ULSD fuel problems
- Lower gel point up to 35 degrees and reduce risk of fuel system freeze up

### TKO® Engine Oil Treatment

Enhance oil film strength for better lubricity, reduced sludge and varnish buildup to help engines run cleaner and last longer.

- Increase thermal stability and durability
- Improve oil detergency, viscosity, lubricity and minimize gum, sludge and varnish deposits
- Provide anti-corrosion protection

### Advantages

- Improved Mileage
- Reduced Maintenance
- Extended Equipment Life
- Improved Lubrication in Fuels
