

# Harvest Extra Savings This Fall and Winter!

Whether you're sitting tall in your combine or driving a tractor, you're burning up hundreds of dollars in fuel. If – like most producers – you'd rather keep those dollars in your pocket, let us show you how to reduce your fuel usage.

- Just add Conklin's Diesel Plus® to your bulk tank. This diesel fuel conditioner improves engine efficiency and gives you better mileage while its soy lubricants extend the life of your injectors and fuel pumps\*.
- Diesel Plus also lowers your fuel's gel point as much as 35 degrees. So you can depend on your engine running, even in cold weather.
- Clean your fuel system with 4-Power® D periodically. Conklin's proven fuel system cleaner will help your engines run smoother and improve their performance. Works together with Diesel Plus to enhance mileage.

## Mike Pikarski, crop producer and Conklin National Director explains –

*"I add Diesel Plus to my 10,000 gallon bulk tank because it keeps the fuel from gelling and lubricates the fuel system. I don't ever have to worry about my farm equipment not running because of the cold weather. It also provides substantial savings on maintenance and fuel costs."*

### Fast Fact

Fuel prices paid by farmers rose by nearly 850 percent between 1970 and 2005.

Source: Figures were constructed using data from the National Agricultural Statistics Service.

**CONKLIN**  
WITH DIESELER  
**4-POWER D**  
**DIESEL FUEL SYSTEM CLEANER**

- Aggressively cleans fuel
- Dissolves varnish
- Disperses water
- Cleans up dirty injectors
- Eases cold weather starts
- Eases cold wear prevents fuel lift
- Protects against corrosion

**DANGER: EXTREMELY FLAMMABLE. HARMFUL OR FATAL IF SWALLOWED. IMMEDIATELY VAPOR INHALE.**

Keep out of the reach of children.  
See back panel for all precautionary statements.

Net Contents: 8 Ounce (237 mL)

Net Contents: 32 Ounce (948 mL)

**CONKLIN**  
**DIESEL PLUS**  
**DIESEL FUEL CONDITIONER**

- Improves fuel efficiency
- Lowers gel point up to 35° F
- Lowers cold filter plugging point up to 22° F
- Improves cetane number
- Improves fuel stability
- Improves fuel system cleanliness
- Improves lubricity
- Reduces exhaust emissions

**DANGER: COMBUSTIBLE. HARMFUL OR FATAL IF SWALLOWED. IMMEDIATELY VAPOR INHALE.**

See back panel for additional precautionary statements.

Net Contents: 16 Ounce (473 mL)
