

4-Power[®] D Diesel Fuel System Cleaner

Restores performance, mileage, and easier starts

By aggressively cleaning away deposits and corrosion from the fuel tank to the engine, 4-Power D Diesel Fuel System Cleaner brings back the power, smooth operation and miles per gallon of a newer vehicle.

4-Power D also:

- Dissolves power-robbing varnish, gum, and deposits
- Disperses water
- Cleans dirty injectors
- Eases cold weather starts and prevents fuel line freeze-ups
- Protects against fuel system corrosion
- Promotes efficient fuel dispersion and complete combustion
- Acts as an emergency de-icer

Now in two handy sizes

Whether you drive a diesel car or pickup or an over-the-road vehicle, it's easy to treat your fuel system with 4-Power D. See below.

How to clean your fuel system with 4-Power D

Regardless of the vehicle's age, 4-Power D should be used at a 2X treatment rate for the initial treatment to achieve complete DW10 cleanup in one tank. After the initial use, the fuel filter should be changed. 4-Power D should then be used every 4,000 miles or four months after the initial treatment, while Diesel Plus[®] should be used in every

Diesel Fuel Treatment Rates

- 8 oz bottle 4-Power D per 30 - 40 gallons
- 1 qt bottle 4-Power D per 120 - 160 gallons

4-Power[®] D Fuel System

- 12 quarts/cs (8 oz) #057465
- 12 quarts/cs (32 oz) #057477
