

# 4-Power<sup>®</sup> G Gasoline Fuel System Cleaner

**Restores performance, mileage, and easier starts**

Designed specifically for gasoline fuel systems, 4-Power G's advanced formulation aggressively cleans varnish, gum, and deposits from fuel system components, allowing for more efficient fuel dispersion and complete combustion. By aggressively cleaning away deposits and corrosion from the fuel tank to the engine\*, 4-Power G Gasoline Fuel System Cleaner brings back the power, smooth operation, and miles per gallon of a newer vehicle. The 4-Power G gasoline engine formula is intended for use in all gasolines including ethanol gas (E10, E15, and E85) and gasoline fuel systems where ethanol fuels have been used. It provides:

- Fuel injector, fuel line, and carburetor clean-up
- Combustion chamber, valve, and port deposit clean-up
- Corrosion protection
- Easier cold weather starts

## Bring back the power

You'll notice the difference – 4-Power G restores the performance your vehicle loses over time. And it's easy to use. See below.

### How to clean your fuel system with 4-Power G

Add 4-Power G when filling the fuel tank. First-time users should add 4-Power G to two consecutive tanks of fuel. After the second tank, if the vehicle is equipped with a fuel filter, it should be changed. Then, treat one tank of fuel with 4-Power G every 4,000 miles or four months. Boost mileage even more by adding Conklin Fuel Mate Plus<sup>®</sup> Fuel Conditioner at every fill.

### Gasoline Fuel Treatment Rates

Single 16 oz bottle treats 16 gallons of fuel

### 4-Power<sup>®</sup> G Fuel System

12 bottles/cs (16 oz)
