

Improve Fuel Mileage

with 4-Power[®] G and Fuel Mate[®]

Did you know today's fuels, including ethanol fuels, break down faster and create gum and deposits that rob a vehicle's engine of power and fuel economy? A dirty fuel system causes acceleration hesitation, increases engine pollutants, and requires more vehicle maintenance costs. Keep your gasoline engine running at peak performance with regular use of Fuel Mate Plus in every tank and 4-Power G every four months or 4,000 miles.

Turn Back the Odometer with 4-Power G

Designed specifically for gasoline fuel systems, 4-Power G's advanced formulation aggressively cleans varnish, gum, and deposits from fuel system components, allowing for more efficient fuel dispersion and complete combustion. The 4-Power G gasoline engine formula is intended for use in all gasolines including ethanol gas (E10, E15, and E85) and gasoline fuel systems where ethanol fuels have been used, it provides:

- Fuel injector, fuel line, and carburetor clean-up
- Combustion chamber, valve, and port deposit clean-up
- Corrosion protection

4-Power[®] G Fuel System Cleaner

#057625 12 Bottles/cs (16 oz)

Fuel Mate Plus: Reduce Fuel Costs

Fuel Mate Plus Gasoline Conditioner helps to keep your entire fuel system clean, maintaining peak engine performance to improve gas mileage – and save you money!

- Reduces maintenance costs
- Prevents fuel system corrosion
- Stabilizes fuel
- Cleans existing deposits and prevents new deposits from forming

Fuel Mate Plus[®]

#006025 6 Pints/cs

Contact your Independent Distributor below for more information and for purchasing.

FUEL MATE PLUS[®] GASOLINE FUEL CONDITIONER

- Improves fuel efficiency
- Keeps fuel system clean
- Reduces exhaust emissions
- Improves gasoline combustion
- Inhibits fuel system deposits and corrosion

WARNING: COMBUSTIBLE. HARMFUL OR FATAL IF SWALLOWED – CALL PHYSICIAN IMMEDIATELY. HARMFUL. See back panel for precautionary statements.

Net Contents: 16 Ounce (473 mL)
