

Curt was working nonstop mowing lawns to supplement the income from his full time job.

**Then:** Curt had a small clientele of lawn mowing clients. But it wasn't until he met Conklin business owners Ken and Myra F. that his lawn care business started growing. They encouraged him to add Conklin fertilizer application to his services. When Curt's clients and their neighbors noticed a distinct improvement in the color and vitality of their lawns, Curt's business doubled.

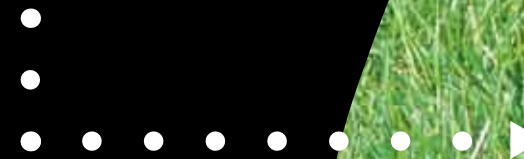

**Now:** Curt has since quit his full time job to concentrate on his booming lawn care business. He now enjoys a six figure income and has moved into a gorgeous country home. His company applies Conklin AgroVantage® products to over 1,000 lawns. Best of all, Curt has more time to devote to his family and other interests.

*"I love the flexibility and control I have over my schedule and the quality time I have with my family, especially during the winter."*

– Curt B., MN

## YOUR MISSING PIECE TO A SUCCESSFUL BUSINESS

Looking for a new direction in your career?

Want to work outdoors instead of at a desk?

Not happy with your current lawn or fertilizer business?

### CONKLIN'S AGROVANTAGE<sup>®</sup> LAWN & PLANT CARE SYSTEM ENABLES YOU TO:

- Work part-time for a second income stream, or full-time to replace your current salary
- Generate business anywhere in the United States – no territories
- Build a sales team of your own for additional income and leadership opportunities
- Receive generous commissions and rewards for your results

With one low initial investment, you can start your own business and impress residential and commercial owners with high-quality products and services that result in healthy and beautiful lawns, golf courses, parks, athletic fields, and cemeteries.

### WITH OUR SYSTEM, YOU CAN OFFER YOUR CUSTOMERS:

- The highest quality products in the industry
- Fast green-up and quick response
- Fewer product applications to achieve optimal results
- Healthier turf, trees and shrubs

Brian was looking for a new career – a job he could enjoy.

**Then:** For 14 years, Brian worked day after day in a factory. One day he decided this was not what he wanted to do for the rest of his life. He was looking for something more.

**Now:** Thanks to Brian's Conklin Lawn and Plant Care business, he is working outside factory walls and working day to day with his family.

*"With one small investment, my wife and I got started with the Conklin AgroVantage Lawn and Plant Care business. Now I keep busy outside all season long and we love every minute."*

– Brian B., PA

Before retiring, Don was a biology and chemistry teacher at Arlington High School. While teaching, Don had three months each summer to earn extra income for his family.

**Then:** Don was looking for a profitable job opportunity that would be flexible enough that he wouldn't miss the things that matter the most.

**Now:** Don earns income from his lawn care business, as well as residual income from encouraging others to build Conklin Lawn and Plant Care businesses. Conklin has provided him not only the income he's looking for, but also time to spend doing things he loves.

*"If I have a baseball game to go to, I take off and go to the game. This business really affords you the flexibility to make your own hours and make time for your family."*

– Don S., MN
